SUBJECT: Institutional Accreditation

Through the accreditation process your institute will become a member of a global network currently active in 36 nations, representing over 150 accredited institutes for Logotherapy. Accredited institutes are independent and autonomous initiatives that either offer training in Logotherapy, Logotherapeutic counselling, or psychotherapy. Other member institutes are active in the promotion of LT & EA, as well as conducting research in the field.

Accredited institutes are listed in the directory on the website of the Viktor Frankl Institute and will additionally be listed in the appendix of the Proceedings for Logotherapy and Existential Analysis; publishing by Springer New York as of 2016 onwards). This directory will also be printed as a stand-alone brochure with a brief description of LT & EA, to be made available at congresses and instructional and informational conferences for attendees.

Step 1: Apply

To begin with, we request that you fill out the enclosed accreditation form, attaching the supporting documents as directed in the form, and send an email or post to:

registration@viktorfrankl.info

or

Viktor Frankl Institut Wien

Step 2: Verification of Documents

After we receive the documents we subsequently verify them for completeness and compliance with the formal minimum criteria for accreditation.

Step 3: Accreditation

When the requirements for accreditation are fulfilled, your institute will be provided with a certificate of accreditation, as well as an official seal for unlimited use in the course of your public activities. These items are provided to certify that your institute has been accredited for a period of 2 years by the Viktor Frankl Institute in Vienna, and that your institute is a member institute of the International Association for Logotherapy and Existential Analysis.

Step 4: Fees and Registration in the Directory of Accredited Institutes

Given that the accreditation process is associated with additional expenditures related to personnel and administration, we are compelled to charge a nominal fee for accreditation and acceptance into the international directory. At the same time, we have made an effort to keep your member dues and our administrative costs as low as possible by establishing a two-year fee schedule for member dues.

The fees for institutional accreditation amount to 125 Euro/year (i.e. the two-year membership dues are 250 Euro). Upon receipt of fees your institute will be registered as an accredited institute for Logotherapy and Existential Analysis in the international directory, and will become an accredited member of the International Association of Logotherapy and Existential Analysis in association with the Viktor Frankl Institute.

Step 5: Renewal

Renewal after two years: After the course of two years accredited institutes are able to renew their accreditation status. This will provide an opportunity for you to declare any changes or expansions of your curriculum and/or your profile of activities. Renewal of accreditation generally involves a minimal amount of effort on the part of applicants, and follows the usual two-year membership schedule.
