Internationale Vereinigung für Logotherapie und Existenzanalyse
International Association of Logotherapy and Existential Analysis
Asociación Internacional de Logoterapia y Análisis Existencial

SUBJECT: Individual Accreditation (Therapists / Counsellors)

Through the accreditation process your institute will be recognized as an accredited member of a global network currently active in 44 nations, representing over 150 accredited institutes for Logotherapy.

As in other therapeutic schools, not everyone who received a full accredited training program in logotherapy is a certified psychotherapist or mental health professional according to national or regional laws. Some logotherapists work as clinical psychologists or psychiatrists, others as counsellors, others work in ministry, and yet others are social workers, etc. Accreditation certifies that you are entitled to practice logotherapy in your respective field of expertise.

Step 1: Apply

To begin with, we request that you fill out the enclosed accreditation form, attaching the supporting documents as directed in the form, and send an email or post to:

registration@viktorfrankl.info

or

Viktor Frankl Institut Wien
z.Hd. Univ.-Prof. Dr. Alexander Batthyany

Austria

Step 2: Verification of Documents

After we receive the documents we subsequently verify them for completeness and compliance with the formal minimum criteria for accreditation.

Step 3: Accreditation

When the requirements for accreditation are fulfilled, you will be provided with a certificate of accreditation to certify that you have been accredited for a period of 2 years by the Viktor Frankl Institute in

VIKTOR FRANKL INSTITUT

Internationale Vereinigung für Logotherapie und Existenzanalyse
International Association of Logotherapy and Existential Analysis
Asociación Internacional de Logoterapia y Análisis Existencial

Vienna, and that you are a professional associate member institute of the International Association for Logotherapy and Existential Analysis.

Step 4: Fees and Registration

Given that the accreditation process is associated with additional expenditures related to personnel and administration, we are compelled to charge a nominal fee for accreditation and acceptance into the international directory. At the same time, we have made an effort to keep your member dues and our administrative costs as low as possible by establishing a two-year fee schedule for member dues.

The fees for individual therapists and counselors amount to 100 Euro/year (the two-year membership dues are 200 Euro).

Step 5: Renewal

Renewal after two years: After the course of two years accredited institutes are able to renew their accreditation status. This will provide an opportunity for you to declare any changes or expansions of your curriculum and/or your profile of activities. Renewal of accreditation generally involves a minimal amount of effort on the part of applicants, and follows the usual two-year membership schedule.
